Full Stack Web Developer with a passion for technology and programming. Embarked on a non-traditional educational path, driven by an unwavering interest in web development. Focused on utilizing acquired skills to provide businesses and organizations with innovative solutions to challenging problems. Known for swift learning and thriving in fast-paced environments.

TECHNICAL SKILLS

JavaScript ES6+, CSS3, HTML5, SQL, NoSQL, GitHub, MongoDB, MySQL, Express, React, Node, Handlebars, jQuery, Bootstrap

PROJECTS

TTCS | https://github.com/abduljabar5/ttcs | https://totaltowncarserviceandtaximsp.com/
- Summary: The Taxi Service Website is a static frontend-only website that was developed for a small startup taxi service company. The website was designed to handle booking requests and allow customers to leave reviews.
- Tools: HTML, CSS, JavaScript, Bootstrap, GoogleFonts, GoogleMaps API, EmailJS API

PopcornPeek | https://github.com/abduljabar5/react-movie-site |
https://obscure-anchorage-29420.herokuapp.com/ • Summary: PopcornPeek is a comprehensive MERN stack web application offering real-time updates on trending movies, TV shows, anime, and entertainment news. It serves as a one-stop platform for entertainment enthusiasts seeking a personalized viewing experience.
- Tools: HTML, CSS, JavaScript, Bootstrap, Express.js, React.js, GraphQL/Apollo Client, Axios, Mongoose, JWT, Bcrypt

GYM Homies | https://github.com/abduljabar5/gym-homie-v-2 |
https://gym-homies.herokuapp.com/
- Summary: Gym Homies is a web application that allows users to track their fitness progress and monitor their workout routines. The application will enable users to create an account, log in, and track their daily workouts, as well as view their workout history.
- Role: In this project, my primary role involved focusing on front-end development, where I aimed to create a user-friendly interface that enhances user interaction and experience while ensuring seamless integration with the backend services.
- Tools: Express, Express Handlebars, MySQL, JavaScript, jQuery, bootstrap

EDUCATION

Certificate, Full Stack Web Development – The University of Minnesota

High School Diploma – Ubah Medical Academy

EXPERIENCE

Securitas, Minneapolis, MN - Security Officer

October 2022 - Current

- Successfully enforced the company's rules, regulations, and posted orders, illustrating my capacity to quickly understand and apply complex systems and standards.
- Regularly monitored surveillance systems for any abnormalities or issues, demonstrating a keen eye for detail and the ability to notice patterns and anomalies that others might overlook.
- Provided friendly and professional assistance to a diverse array of individuals, showcasing my ability to communicate effectively, build relationships, and work collaboratively with a team.
